Smooth, shiny and
satinated, or designed to break
each ray of light down into
a multitude of flashes: gold
coats furniture and things
with an allure of glamour, as
fascinating today as it was in
the past.

An important colour,
perhaps once reserved to
the homes of film stars or of
eccentric aristocrats, it now
becomes the main ingredient
for endless, precious furniture

Золото облачает мебель
и вещи в гламурный
аллюр, столь же
обворожительный сейчас,
как и раньше.

Важный цвет, который
